LG SIGNATURE
OLED TV

Picture-On-Wall

Yes, it really is a television. Discover a TV so thin and light that the screen attaches directly to the wall, held in place by magnets. LG's radical new Picture-on-Wall esthetic uses the most advanced OLED technology yet to achieve this first-of-its-kind design.

Active HDR with Dolby Vision™

Active HDR analyzes and optimizes HDR10 content scene-by-scene for an even more striking, more breathtaking High Dynamic Range experience. It also supports Dolby Vision™ as well as the new backward-compatible HLG HDR standard, assuring the most HDR content.

Dolby Atmos®

From state-of-the-art theaters to the home: With Dolby Atmos®, sounds can move anywhere, including above the listener for the ultimate in surround audio. Discover Dolby Atmos (on select titles) through the TV speakers, or pass through to a compatible home theater system for the full experience.
